

HOT HOT HEAT!

Updating the Rental Heatmap: Where to Rent Right Now

1

November 2013 Rental Heatmap

101 BEDFORD

Formerly known as Hot Karl Beach, the huge rental building at 101 Bedford has caught a lot of flak around these parts, but judging by the fast pace of leasing, renters love it. The first two buildings of the project, which has an extensive list of amenities (giant rooftop deck, indoor pool, courtyard, wine vault, game room, etc.), are 80 percent leased, while the third is half full after just a month on the market. The fourth and final building will likely come to market by the end of the year, bringing the total number of units to 351.
